

## Enscape v2.8 - Bug Fixes – Released:- 15.07.2020

What follows is not an exhaustive list of all the Bug Fixes from the 2.8 development cycle, but these are the most common customer facing ones:

If you have any questions, please quote the bug's ID number when getting in touch with our Support Agents.

### Priority 1 Bug Fixes:

ID	Title	Notes	CAD
85316	Exception on Quadro RTX 8000		RTX
85711	Black sparkling screen shown in Renderer with specific project and RTX Raytracing on	Found in 2.7.0	RTX
85868	Renderer fuses two projects when switching too fast between documents in Vectorworks	Found in 2.7.1	Vectorworks
85743	ArchiCAD 21 crashes when Texture is added in Material Editor without an open project	Found in 2.7.1	ArchiCAD
86013	Enscape & CAD crash while changing a document during Video Key Frame editing	Found in 2.7.1; Video Editor	
86086	Enscape cannot be started from Vectorworks	Found in 2.7.1	Vectorworks
86123	SketchUp 2020 Crash When Assigning Settings to Named Views	Found in 2.7.1	SketchUp
86183	Vector Works: Manage Uploads Fails with Exception	Found in 2.7.1	Vectorworks
86174	Revit 2020 freezes after clicking Render Image / Take Screenshot	Found in 2.7.1	Revit
86363	Revit crashes while trying to open the BIM Information panel for an already closed project	BIM Information	Revit
86226	Rhino & Enscape crash while starting Enscape after closing Enscape once during the loading procedure		Rhino
86388	Revit & SU crash after adding a Skybox	Skybox	SketchUp; Revit
86435	Selecting "Never" in the trial feedback dialog crashes the CAD	User Interface	
86517	C++ type seems to be missing in the web assembly	Web Standalone	
87426	Enscape cannot be started with Vectorworks on Win7		Vectorworks
87481	ArchiCAD freezes and crashes when changing materials in Enscape Material Editor during Batch Rendering		ArchiCAD
87535	Video capture crash: frame data deleted when switching to another window during the capturing process	Video Recorder	
88552	Revit crashes when opening Collaboration Settings after project is closed in Revit		Revit
88568	Vectorworks & Enscape crash when switching between projects that have a long name		Vectorworks
88538	Cannot start Enscape with critically old drivers	Found in 2.7.1+20886; User Interface	
88726	Enscape & SketchUp crash when changing Albedo scaling to be explicit with value 0x0 in Enscape Material Editor		SketchUp
89157	Crash when shutting down render window with sound sources active		SketchUp
88969	CAD & Enscape crash when saving a project with Documents/Enscape protected		

ENSCAPE™

89252	Web Standalone: Outlines Bleed	Web Standalone	
89331	Web Standalone Shader Compiler Error	Web Standalone	
89392	Enscape does not start from French Vectorworks on Win 7		Vectorworks
89233	Enscape & ArchiCAD 23 crashes while saving a project		ArchiCAD
89353	Enscape & ArchiCAD 21 crashes when starting renderer		ArchiCAD
89369	Enscape & ArchiCAD 22 crash when starting Enscape		ArchiCAD
89443	URL encode issue in license-id leads to characters being replaced with a space	Web Standalone	

## Priority 2 – Bug Fixes

ID	Title	Notes	
86068	Screensky artifacts and AMD RX5700		
86356	Mouse look / orbit stops responding after rendering an image	Control & Input	
85840	Rhino does not prompt to save changes when only Enscape embedded data has been changed		Rhino
85787	Batch Rendering does not disable WalkMode	Found in 2.7.1	
85812	Web standalone crashes with "invalid conversion to integer"	Found in 2.7.1; Web Standalone	
85818	VRAM amount returned from NVX OpenGL extension is interpreted in a wrong way	Found in 2.7.1	
85834	Camera rotation threshold is too high if framerate is high		
85896	Enscape Window Prevents use of Space Mouse in Sketchup	Control & Input	SketchUp
84459	Initial camera position is not sent when starting Enscape in Vectorworks	Found in 2.7.1	Vectorworks
85805	Vectorworks light handler does not detect lights properly	Found in 2.7.1	Vectorworks
85856	Lights look broken in new version of VW	Found in 2.7.1	Vectorworks
85937	Geolocation transfers from another document	Found in 2.7.1	Vectorworks
85790	Invalid window handle exception when starting Enscape		
85859	GBuffer-GeometricNormal messages spam the log		
85877	Noesis cannot find images in user Björn Myrene home directory	Found in 2.7.1; Localization	
85884	Lights are displayed incorrectly with RTX Raytracing on	Found in 2.7.1	
86053	False brightest point detected for this skybox		
85920	Transparency Texture is not respected by Renderer in Vectorworks	Texture Maps	Vectorworks
85992	Memory leak in some cases of adding/removing heliodons in Vectorworks	Found in 2.7.1	Vectorworks
86027	Cannot register with VectorWorks when the Windows username contains Unicode characters		Vectorworks
86088	License settings not working in Vectorworks	Found in 2.7.1; License	Vectorworks
85909	Focal Point stops working after switching to Ortho projection and back in SU	Orthographic Projection	
85938	Revit freezes when clicking on View dropdown, then un-freezes but does not open dropdown.		Revit
86093	Crash when exiting Rhino while a panorama is being rendered		Rhino
85870	White diffuse GI blotches (worse than in 2.6)	Found in 2.7.1	
86097	Crash in BIM renderer: entities collection is garbage	BIM Information panel	
86179	ScreenSpace reflection thickness sometimes too large	Screen Space Reflections	
86192	The Lux Bar is stretched in Safe Frame mode and during rendering	Light Mode	
86276	Camera Position is wrong and locked in Renderer after full export from ArchiCAD project in Parallel Projection	Projection Mode	ArchiCAD
86169	IES Light Cache fails when the system is configured to block low-security crypto hashes		
86162	Plugins can claim hotkeys recursively	Control & Input	
86193	Placed Modular Hedge Asset got much more lighter during Video Rendering		

ENSCAPE™

86364	InvalidCastException when installing Vectorworks plugin		Vectorworks
86233	"OpenGL not supported" message deadlocks Revit and Rhino		Revit; Rhino
86285	Confirm Safe Frame dialog appears during a single View Batch Rendering		
86434	Clicking on a BIM item after the document has been closed crashes ArchiCAD	BIM Information panel	ArchiCAD
87409	Spectator orthographic teleport failed	Desktop; Orthographic Projection	
87427	Temporal AA looks broken in web	Web Standalone	
87560	Grass type in not respected in Standalone	Standalone Executable	
86501	Enscape does not get installed in localized Vectorworks versions		Vectorworks
87475	View finder popup appears off-screen (horizontally)		
87590	ArchiCAD batch rendering does not wait for scene update	Batch Rendering	ArchiCAD
88580	Light emit shape forced to point	Lighting	
87581	Vectorworks installer uses hardcoded subdirectory name	Installer	Vectorworks
87415	Enscape cannot be added to workspace in localized versions	Localization	Vectorworks
87534	ArchiCAD sometimes hangs when trying to open Manage Views window		ArchiCAD
87635	Taking a single screenshot of a synced view is not possible		
88564	Unable to start Enscape if access to localization file is denied	Localization	
88583	Views are still present in renderer after cancelling Standalone Executable export in ArchiCAD		ArchiCAD
88509	Big (world size) geometry textures downscaled to tiny ones	Enscape Assets	
88540	100Mb web standalone fails	Web Standalone	
88739	Queued VR Captures no longer rendered when closing Enscape window	VR	
88663	Renderer does not respect ArchiCAD lights intensity	Rendering	ArchiCAD
88749	UnauthorizedAccessException - Access to the path 'Enscape\Settings\' is denied		
88752	Geometry from Revit not shown in Enscape		Revit
88817	Faulty "missing camera position" indicator	Interface	
88832	No fallback texts for missing translations	Localization	
85982	VR Teleport laser beam going through opaque geometry	VR	
87591	GL_FRAMEBUFFER_UNSUPPORTED error (after switch buffer or resize)		
88579	GI Diffuse screen-space tracing light leaks		
89040	Orbit often triggers right click context menu	Input and Control	
89144	Skybox with brightest point as sun direction enabled makes video recorder hang on start	Renderer-Interface;	
89164	Web Tint Color test fails due to different water	Web Standalone	
89168	Cannot load system models from 고은지 user home	Localization	
89208	Textures in Web Standalone are blurry	Web Standalone	
88584	Top View is not saved correctly in Enscape View in ArchiCAD	Named Views	ArchiCAD
89101	Projection from Views are applied to Renderer when View Sync is off in Rhino		Rhino

ENSCAPE™

89118	Wrong perspective on Named View when rendering it as "Batch" in Rhino		Rhino
89154	Unable to import certain materials in SketchUp Material Editor	Materials	SketchUp
89363	Rough glass blur radius changes (in WS) when changing FOV		
89451	Changing Rendering Quality from Normal to High causes Vulkan validation errors		
89095	Undo/Redo does not work properly with Vectorworks		Vectorworks
89173	Enscape Assets do not get hidden together with the Layer they had been placed in to - Vectorworks	Assets	Vectorworks
89372	Missing Title and Help text on toolbar	User Interface	Vectorworks
89376	Named View cannot be created with hidden element in Revit		Revit
89408	Cannot start Enscape with Revit basic family example		Revit
89306	Batch Render (With Orthographic)	Batch Rendering; Orthographic Projection	
89313	Enscape window stays open after closing CAD		Rhino and Revit
89352	Last listed View in View Manager got entered every time in ArchiCAD		ArchiCAD
89461	Scene selection fails on new ArchiCAD project		ArchiCAD
